

Index to Volume XXXI.

Nos. 355 - 366. May, 1950 - April, 1951.

A

A New Dredge for Abadan, 117
Aberdeen, Port of, 29, 218
Admiralty Salvage Organisation, 186
Aluminium Dumb Barge for Export, 94
American Inland Waterways, 10
Amsterdam, Salvage Feat at, 16
Antwerp, Labour Problems at the Port of, 209
Apra Harbour, Model Studies of, 367
Aruba and Curacao, The New Harbours of, 39, 88
Australian Port Developments, 153

B

Barge for Export, Aluminium Dumb, 94
Beira, Port of, 107
Bombay, Port of, 51
Book Reviews :—
A Century of Science, 326
A Century of Technology, 326
British Canals—An Illustrated History, 182
Canals, Barges and People, 232
Materials Handling Manual, 25
Myhre's Handbook of Baltic and White Sea Loading Ports, 357
Prestressed Concrete, 357
The Behaviour and Control of Rivers and Canals, 181
The Complete Book of Motor Cars, Railways, Ships and Aeroplanes, 184
The Inland Waterways of England, 182
The Wonderful Story of the Sea, 25
Winds, Waves and Maritime Structures, 24
Wireless at Sea : The First Fifty Years, 24
Breakwater, Construction of Harlingen, 341
Breakwaters and Sea Walls, Spanish Formulae for Rubble Mound, 126
" Breconshire," Salvage of the, 190
Bristol, Port of, 248
British Industries Fair, 1950, 34
British Transport Commission, 191, 214
Bulk Cargoes, Sea Transport of, 335
Bulk-Handling Plant for Port of Baltimore, 305
Bulkheads, Flexible, 373

C

Calcutta, Port of, 71, 78
Canadian Harbours, 66
Canadian Port Improvements, 291
Canal Craft and Canals, British, 279
Canal Locks of the Northern Region and the Rhone, 141
Canals and Inland Waterways, British, 318
Canals, Publicising English, 168
Cape Town, Port of, 169
Cargoes, Sea Transport of Bulk, 335
Cargoes, The Handling of Import, 79
Cargo Handling Appliances, Some Modern, 11, 55, 95, 112, 156, 184
Cargo, New Methods of Loading and Discharging, 132
Cargo Ships, New Technique in Division of, 214
Cathodic Protection of Steelwork, 46
Chamber of Shipping of the United Kingdom, 355
Clearance Procedure at Ports, Entry and, 225
Coast Erosion, 17, 47, 91, 127
Concrete for Docks and Marine Works, Prestressed, 23
Concrete in Dock and Harbour Construction, 58

Concrete Pile Driving, 283
Copenhagen, A 2,000 Ton Railway Dry Dock in, 260
Correspondence :—
Coast Erosion, 10
Co-ordination in Cargo Handling, 347
Concrete in Dock and Harbour Construction, 126
Construction of Harlingen Breakwater, 347
Cranes, Ship's Derricks and Quay Layout, 315
Inland Waterways, 304
Port Terminal Operation, 316
Quay Layout and the Placing of Sheds in a General Cargo Harbour, 45
Quay Layout Problems, 316
The Ports of Mozambique, 170
Tidal Sand Ripples, 348
Towage Methods on Inland Waterways, 347
Crane Hook, New Type of, 316
Curacao, The New Harbours of Aruba and, 39, 88

D

Danish Westcoast, The 163
Dar es Salaam, Port of, 199
Delays in Port, Ship, 146
Diving Methods and Appliances, 338
Dock & Harbour Authorities' Association, 384
Dock & Harbour Joint Engineering Committee, 242
Dockers, Limitation of Loads for, 372
Dockers, Medical Centres for, 304
Dock Gates for Hay's Wharf, London, New, 357
Dock Wages in U.K., 340
Dover, Port of, 329
Drainage, The Tides and, 275, 308
Dredge for Abadan, A New, 117
Dredger for Port of Calcutta, New, 78
Dredging at New Zealand Harbours, 131
Dredging in Inland Waters, 148
Dredging Plant, Types of Modern, 379
Dry Dock for North Shields, New, 294
Dry Dock in Copenhagen, A 2,000 Ton Railway, 260

E

East African Ports, 199
Education Scheme for Port Workers, 346
Engineering Committee, Dock and Harbour Joint, 242
Entry and Clearance Procedure at Ports, 225
Excavating Plant, Modern, 98
Export, Packing for, 292

F

Fenders for Persian Gulf Port, 304
Festival of Britain, 1951, 366
Flexible Bulkheads, 373
France, The Maritime Ports of, 194, 226
Fumigation, Ship, 211

G

Geology and Geophysics in Relation to Marine and Fluvial Works, 30
Glasgow Harbour Improvements, 361
Glued Laminated Timber Structures, 159

H

Handling of Import Cargoes, The, 79
Harlingen Breakwater, Construction of, 341
Hay's Wharf, London, New Dock Gates for, 357
Hydraulics Research Organisation, 14

I

Iluka, Port of, 153
Import Cargoes, The Handling of, 79
Inland Waters, Dredging in, 148
Inland Waterways, American, 10
Inland Waterways, British Canals and, 318
Inland Waterways, Development of, 261
Iron Ore Discharging at Port of Newcastle, 152

K

Kembla, Port, 299
King's Lynn, Port of, 3

L

Labour Problems at the Port of Antwerp, 209
Lagos, Port of, 294
Laminated Timber Structures, Glued, 159
Limitation of Loads for Dockers, 372
Linton Lock, Repairs to, 274
Liverpool Observatory and Tidal Institute, 26
Loading Vehicles at Docks, 217
Locks of the Northern Region and the Rhone, Canal, 141
Locks, Pneumatic, 52
London Authority, Siltation Research by Port of, 231
Lourenco Marques, Port of, 107

M

Manchester, Port of, 387
Manufacturers' Announcements, 358
Marine Services of a Port, 243
Maritime Ports of France, The, 194, 226
Masthamnen Harbour, Stockholm, 240
Mechanical Handling Exhibition, 65
Mechanisation in United Kingdom Ports, 83
Medical Centres for Dockers, 304
Melbourne, Port of, 153, 213
Mena al Ahmadi, Port of, 304
Models, Scales for Moving-Bed River, 349
Model Studies of Apra Harbour, 367
Model Study of Port Washington Harbour, 293
Model Tests for Malmo Harbour, 187
Modern Trends in Port Development and Quay Layout, 264
Mombasa, Port of, 199, 267
Mozambique, Ports of, 107

N

Nacala, Port of, 107
Newcastle, Port of, 152, 173
New Dry Dock for North Shields, 294
New Methods of Loading and Discharging Cargo, 132
New York, Port Facilities at, 311
New South Wales, Port Administration in, 299
New Technique in Division of Cargo Ships, 214
New Zealand Harbours, Dredging at, 131
Notable Port Personalities :—
LXII—Mr. Leander I. Shelley, 277
Nylon Ropes for Marine Purposes, 64

O

Oakland, Port of, 235
Oceanographical Research, 386
Ocean Terminal, Southampton Docks, 118
Oil Handling at Ports, 122, 149
Ore Discharging at Port of Newcastle, Iron, 152

P

Packing for Export, 292
Packing for Safety at the Docks, 137
Pakistan's Port Development and Civil Engineering Requirements, 215

Permanent International Association of Navigation Congresses, 54
Philippine Ports, Rehabilitating, 115
Pile Driving, Concrete, 283
Pilferage Prevention at Ports, 16
Pneumatic Locks, 52
Port Administration in New South Wales, 299
Port Development and Quay Layout, Modern Trends in, 264
Port, Marine Services of a, 243
Port Workers, Education Scheme for, 346
Pre-stressed Concrete for Docks and Marine Works, 23

Q

Quay Layout, Modern Trends in Port Development and, 264
Quay Reconstruction at Wallsend, 323

R

Radar, Developments in Harbours, 317
Radar for Shipping in U.K. Harbours, 278
Radar, Port, 376
Radio System, New Marine, 86
Railway Dry Dock in Copenhagen, A 2,000 Ton, 260
Rat-Proofing of Vessels, 287
Rhone, Canal Locks of the Northern Region and the, 141
Ropes for Marine Purposes, Nylon, 64

S

St. Lawrence, The, 203, 219, 249, 252
Salvage Feat at Amsterdam, 16
Salvage of the "Breconshire," 190
Salvage Organisation, Admiralty, 186
Scales for Moving-Bed River Models, 349
Sea Transport of Bulk Cargoes, 335
Ship Delays in Port, 146
Ship Fumigation, 211
Ships, New Technique in Division of Cargo, 214
Siltation Research by P.L.A., 231
Some Modern Cargo Handling Appliances, 11, 55, 95, 112, 156, 184
Southampton Docks, 118, 138
Spanish Formulae for Rubble Mound Breakwaters and Sea Walls, 126
Steel, Underwater Protection of, 218
Steelwork, Cathodic Protection of, 46
Stockholm, Masthamnen Harbour, 240
Stowaway Problem, The, 378
Sydney, Port of, 153

T

The Tides and Drainage, 275, 308
Timber Structures, Glued Laminated, 159
Transport, A New Method in Water, 135
Tyne Improvement Commission, 378

U

Underwater Protection of Steel, 218
United Kingdom Ports, Mechanisation in, 83

V

Vehicles at Docks, Loading, 217

W

Wages in U.K. Docks, 340
Wallsend, Quay Reconstruction at, 323
Washington Harbour, Model Study of Port, 293
Water Sampling in Estuarial Waters, 253
Water Transport, A New Method in, 135
Wellington Harbour Board, N.Z., 78
Winter Navigation on the St. Lawrence, 219, 249

Y

Yserfontein, South Africa, Harbour Works at, 262
